Guardian Angels to patrol Oakland's Grand Lake neighborhood

8. June, 2007

Residents of Oakland's Grand Lake neighborhood are hoping the Guardian Angels can help restore the peace in their neighborhood.

Guardian Angels volunteers will begin patrolling the area near Lake Merritt this morning after a series of holdups and break-ins in what was once considered a safe neighborhood.

The group will begin its patrols after being invited by a community group that was looking for a way to cut down on an increase of crime in the area.

There are no set times for the patrols, but an adviser for the Angels says they will run late into the night.
