

Guardian Angels Newsletter

November, 2004

The winter season is nearly upon us and Flemington Furs wants to warm you - inside and out. On "Black" Friday, November 26th, Flemington Furs will be donating 5% of all sales to the Guardian Angel Education Programs. Whether you are looking for a fantastic gift for that special someone, or looking to keep snug during what is predicted to be a severe winter, you can help support safer schools by making Flemington Furs your first stop of the shopping season.

Guardian Angels Alliance for Education

Our "Alternatives" Program

When children make mistakes and choose to physically or emotionally harm others, our professional staff initiates "real-life" counseling during lunchtime or Saturday

detention.

The program provides students with empathy raising exercises and strategies including role-playing, script formatting, age appropriate readings and films, and a small group, professional intervention system certain to initiate verifiable change in behavior.

Gotti Jr Wants Court to Hush Sliwa

Gotti's attorney tells a federal judge he wants Curtis Sliwa to stop making disparaging comments about his client; Sliwa stands on constitutional rights of free speech.

We would especially like to commend members of the Kashiwa and the Matsudo chapters for taking the lead in efforts in the region.

Our Academy of Security & Police Sciences

Arnaldo Salinas created the academy in honor of the 185 fallen security officers of the World Trade Center. With the support of the Reserves Forces Policy Board of the U.S. Department of Defense, this

Guardian Angel program trains and certifies security officers in the State of New York. We are proud to announce our affiliation with City University of New York and Hostos C.C. in the Bronx

Taking the Program Global

In the Virgin Islands, the academy will be preparing recruits for the police department.
