Sebastian Metz Relief Fund

Do you know this man? Many of us do, but for those who haven't had the privilege-Sebastian came to Denver in the early '90's during the "summer of violence" to build Guardian Angel chapters and help neighborhoods take back their streets. He and those he trained have sacrificed and given so much toward the safety and culture of the city we enjoy today. For over two decades, Sebastian has provided leadership to Guardian Angels all over the world. It's utterly amazing-the ripple effect of this one man's compassion and service to his fellow man.

Now, he is valiantly fighting for his life, experiencing significant complications after a difficult heart surgery early in January, in California. His wife of two years, Shauna, and his 3 month old baby boy, Rooks, are there with him. Sebastian is being transferred to a Denver hospital Feb. 7th. There are expenses, not covered by insurance, mounting daily. This fight is an expensive one-a personal Tsunami threatening to destroy the quality of life not only for Sebastian, but his family and loved ones.

Sebastian has watched our backs (whether we knew it or not) and never asked for anything in return-now, let's cover him and his family with our prayers and our dollars. It would be a cruel joke for Sebastian and Shauna to win this fight for his life, only to be devastated by a wave of financial disaster. All of us together can make sure this doesn't happen! Even a \$1 donation makes a difference-your gift is not measured by its size, but by the heart behind it!
