- **Tonight!**
- Safety Through Education
- Security Academy
- Safety Patrols
- Guardian Angel Gear
- Upcoming Events!

Safety Through Education

NY Initiatives

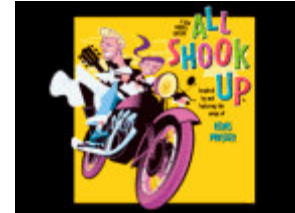

Lafayette High School - Bensonhurst, Brooklyn

Lafayette students have benefited from the Leadership Skills Initiative and are provided additional services in the form of career building skills and college prep courses. Academic instruction consists of a minimum of eight hours of instruction per week. This program has proven to be particularly important in light of the recent problems facing our city's high schools. Recent highlights of the program include:

- Lafayette High School Talent Show to benefit the Sebastian Metz Medical Fund
- Lafayette High School program participants in the Talent Show visited the Hyam Solomon Nursing Home to entertain the residents
- This month students participating in the Leadership Skills Program will be working in local public libraries to volunteer and read to younger children.
- Students and teachers in the program are in discussion with local patrons about a graffiti clean up in the neighborhood.
- Curtis Sliwa has been invited to address the staff and students.

Security Academy

The Guardian Angels Academy of Security and Police Sciences is in the process of being licensed in Florida. Our programs will continue in New York, and Director Arnaldo Salinas looks forward to relocating to the Sunshine State, and implementing our programs there, as well as continuing our progress in the Virgin Islands.

Safety Patrols

With the graduation of Guardian Angels in Springfield, MO, it puts us in the heartland of smaller communities in America. The problem they are battling is methamphetamine drug sales, distribution, manufacture and use. It is a problem that so many small towns throughout America have. If we succeed in Springfield, MO, we will become a part of this battle in every small town in America.
