Last Update: 7:48 am

Elmira, NY - Guardian Angel Founder and CEO Curtis Sliwa will be in Elmira on Thursday night to answer any questions neighbors have about the development of a Guardian Angels chapter.

The information session will be held at Elmira Free Academy's Auditorium from 6:30-9 p.m. Sliwa will be joined by Bath Guardian Angel group leader Patricia Gilbert.

The Guardian Angels volunteer to safeguard streets and other public areas. From dusk until dawn, without weapons, these volunteers help to ensure that citizens can enjoy their communities without fearing for their safety. The Guardian Angels attend community festivals and other large gatherings to deter criminals from disrupting the celebrations.

The Angels also have school programs about gang resistance, bullying and violence prevention as well as a Cyber Angels program to help keep kids safe online.
