Dear Sirs,

I would like to extend my sincere thanks and admiration for your actions over the past few weeks. I have read two articles now about the good things that you are doing in the community. You are living up to your name!

The rescuing of the United States Flag while being burned by anti-globalization protestors was a brave move by one of your members, and truly one inspired by sheer patriotism for this country. We need more Americans like you!

I also appreciate your willingness to pump gas for strangers that pulled into roadside gas stations. The sniper attacks scared our community, and the feeling of safety we once felt while standing in broad daylight is no longer as strong as it once was. Thank you for your confidence-inspiring efforts on behalf of your neighbors.

Keep up the good work and stay safe!

Sincerely,

A handwritten signature in black ink that reads "Ken".
