Mr. Curtis Sliwa  
Assistant Manager  
McDonald's Restaurant  
372 East Fordham Road  
Bronx, New York 10458

Dear Mr. Sliwa:

I have read with great interest a Bronx Press Review article dated December 22, 1977 showcasing the voluntary activities of the sixteen youngsters employed by McDonald's Restaurant, 372 East Fordham Road, Bronx. The continuing efforts of the "Rock Brigade" to clean up the Fordham Road area (from Jerome Avenue to Webster Avenue) is a great service in helping to maintain and improve the quality of life in this vital commercial area. As Director of the project you have contributed much to the preservation of your neighborhood.

I congratulate you on your community spirit and pride. As a former State Senator from this area of the Bronx, I am especially pleased at these steps to preserve and enhance a strong and viable area.

I wish you and your squad of volunteers continued success in maintaining your community. Please feel free to call upon me at any time that you may think there is some way in which I can be helpful.

Sincerely,
